This educational session provides participants with the tools necessary to implement institutional policy in compliance with Senate Bill 311, “Compassionate Access to Medical Cannabis Act or Ryan’s Law” in health care facilities.

At the end of this activity participants will be able to:

- Differentiate the types of medical Cannabis used for compassionate purposes and their status according to federal and California laws
- Identify the key features and requirements of Ryan’s Law
- Articulate possible facility policies and procedures that will comply with state law and minimize institutional risk resulting from federal enforcement
